Subject: Cooperating Agency Projects

Thank you for coming to our meeting today and exploring ways to assure good linkage between our groups. I think having Elizabeth as our go-to person will be a great benefit. A list of the projects on which we currently participate as a cooperating agency is included below:

Cooperating Agency Projects

Hanford Tank Closure and Waste Management FEIS (WA) DOE Theo
Point Thomson ExxonMobil Oil and Gas Development (AK) ACE Jennifer
Greens Creek Mine Expansion (AK) USFS Lynne
Chuitna Coal Mine Development (AK) ACE Erik (Jamey Stoddard)
Thompson Creek Mine Expansion (ID) BLM Lynne
Boardman to Hemingway Transmission Line Development (OR, ID) USFS Erik
Oregon LNG Terminal Development (OR) FERC Teresa
Klamath Dam Removal Analysis (OR) BOR Teresa
HCP WA Wildlife Areas (WA) USFWS Elaine
Wheatgrass Ridge Wind Project (ID) (potential) BIA Elaine
Juneau Access (AK) FHW Jennifer
Alaska Stand Alone Gas Pipeline (AK) ACE Mark
Alaska Pipeline Project (AK) FERC Mark

We also expect to be a cooperating agency on the Gateway West Terminal project when invited to do so by the Corps, probably this spring.

NEPA reviewers, please double check to make sure the above list is correct and complete.

Our internal R10 Access data base is on N:\APPS\EISERP. I believe it is set up to give specific people access, so that will probably need to be arranged through IRU.

The national data base is a Lotus Notes tool on EPAHUB2. OFA at HQ gives specific people access. I would be happy to ask Aimee Hessert at OFA to grant access to one or both of you if you like.
